

Did you know that dozens of student volunteers directly impact our local community by providing assistance to

hospices serving terminally ill children?

Did you know that volunteering can

improve your current workplace skill-sets?

Polk State College Viking Volunteers are delivering community service hours to local service organizations including Sunshine's Dream Village in Loughman, Florida where volunteers help maintain the facility in good repair and at the Winter Haven YMCA by coaching and refereeing games. You can even assist our PSC Athletics Program operating a scoreboard or help with concessions or taking tickets.

After joining the PSC Viking Volunteers, all members are trained on the information and knowledge necessary to be a successful Viking Volunteer. Dedicated students who take advantage of volunteering frequently will accumulate service hours; and strengthening their resumes and college transfer applications to other schools. Becoming a volunteer promotes self-esteem, personal satisfaction, and goodwill within our community. You make a BIG difference when you volunteer at PSC!
