LAKELAND TLCC TUTOR INTRODUCTION FORM
2009 - 1

As a part of the TLCC's continuing effort to assist you in facilitating students' learning, we are again offering our tutor introductions at the beginning of the term. Your students have commented to us that they felt more prone to visit the TLCC for help after a tutor's friendly introduction broke the ice. It only takes a few minutes for the tutor to introduce him/herself to your class and to describe the TLCC's services. If you are interested in taking advantage of this opportunity, please send this completed form to Mike Whann (station #10) or respond via email (mwhann@polk.edu). Please let us know as when you would like to schedule your introduction.
