Attention Polk State Students! Did you know PASSPORT now supports Single Sign On (SSO)? SSO lets you sign into PAL from PASSPORT without needing to log in to PAL. This means you can quickly and easily access PAL whenever you are logged in to PASSPORT just by clicking on the PAL quick link. To get started simply login to PASSPORT with your student ID and PIN.

Once logged in to PASSPORT, select the PAL (Polk Access to Learning) quick link and you will be taken directly to your PAL homepage. (You may continue to log in to PAL by going to https://polk.desire2learn.com/ and entering your username and password, but SSO provides a quick way to access PAL directly from within PASSPORT and is provided as another option for your convenience.)
