The District Board of Trustees has adopted the following policy to ensure that all new construction, renovation, remodeling and maintenance projects conform to the Florida Building Code for state college facilities and where applicable as authorized in other sections of law, other building codes, fire prevention and life-safety codes.

I. Policy

- A. The District Board of Trustees hereby authorizes the Facilities Department, through the President, to ensure all College facilities comply with the appropriate building codes, fire-prevention codes and life-safety codes.
- B. The President shall set-forth, in detail, a procedure that assures compliance with the building codes and life-safety codes.
- C. As set-forth in the Polk State College procedure 7009, the District Board of Trustees affirms that any group performing new construction, remodeling, renovation, and/or maintenance/repair projects on any College facilities and/or property owned or leased, shall conform to the Florida Building Code, Florida Fire Prevention Code, or, where applicable, as authorized in other sections of law, other building codes, fire-prevention and life-safety codes.
