• My name has changed since I last attended. What do I do?
  Name changes must be submitted to the Admission and Registrar's office using a Vital Statistics form with official proof such as a driver's license. Find the form at www.polk.edu/Admission-Aid.
STEP 2: SUBMIT YOUR OFFICIAL TRANSCRIPTS

What is an official transcript?
An official transcript is sent directly from the sending institution to Polk State College’s main address.
It is sealed and unopened.
It is not issued to the student.

How do I order a transcript to be sent to Polk State College?
Each high school or college has its own transcript ordering procedure. Contact the school you previously attended and request a transcript be sent to Polk State College. Many transcripts from Florida high schools, colleges, and universities are sent through an electronic transmission service. Check your name, SSN, and DOB to ensure both schools have the same information. If names/numbers don’t match, your electronic transcripts will not post to your Polk State record. Check your PASSPORT account 5-7 school days after applying to see if your Florida public high school transcript arrived.

Polk State College also accepts the following:
- Secure PDF – send to transcripts@polk.edu
- Mail – send to the Admission and Registrar’s office at the College’s Winter Haven address.

Is there a deadline to submit transcripts?

COLLEGE
- All postsecondary transcripts must be submitted six weeks prior to the start of the term to ensure receipt and evaluation of past coursework by the start of the term.
- If you miss this deadline, you can still register for courses if you bring your unofficial transcripts with you to Polk State advising visits or orientation. But you can’t register the next term if transcripts are still not received when registration starts.

Important Notes about Late Transcripts:
- An official transcript is required before financial aid will be applied to any term.
- Bachelor-degree students can’t register for upper-level courses without official transcripts received prior to the start of the term.

HIGH SCHOOL
- Your high school graduation date must be posted on your high school transcript.
- Contact your high school to request a transcript. (If you attended a Florida public high school, check your PASSPORT account. Your school may have already sent it.)
- Check PASSPORT 5-7 days after you have applied to ensure it has arrived.
- Contact your high school again if it has not arrived within two weeks.
- If you want to exercise your exemption to developmental English and mathematics, based on high school dates of attendance, your official transcript is required.

What do home schoolers submit?
The home-school teacher, usually the parent, must submit a signed and notarized affidavit. This affidavit can be downloaded at polk.edu/Admission-Aid.
STEP 2: SUBMIT YOUR OFFICIAL TRANSCRIPTS (CON’T)

How do I get a transcript for my GED?

- If you took your GED after February 1, 2014, you received a secure electronic PDF document delivered to your e-mail that contains your Smart Transcript and diploma. This e-mail was sent from the state to you at the e-mail address you provided when you signed up for MyGED. Forward this e-mail containing both your Smart Transcript and diploma to transcripts@polk.edu.
- If you earned your Florida GED credential prior to 2014, contact the state at 850-245-0449 for instructions.
- If your GED is from out of state, contact your state’s Department of Education.

Will you accept my high school diploma?

- Diplomas are not official documents. A transcript reflecting your graduation is required.
- A transcript from a public high school in any state is accepted.
- A GED from any state public school system or school-system testing provider is accepted.
- A transcript from a private high school will need to be evaluated before it is accepted.
- High school transcript acceptance for admission does not mean acceptance for athletic purposes.
- Some foreign countries only provide diplomas, in which case, a diploma is accepted in lieu of a transcript.
- Your high school transcript will not be accepted if:
  - You paid a fee and received a diploma.
  - You paid a fee and took an exam and received a diploma that is not an official GED.

How do I know if my transcripts have been received?

- Go online to polk.edu.
- Log in to PASSPORT.
- Select Records: Display Transcripts Received.

Received transcripts show date received and date evaluated. If you ordered your transcript less than six weeks from the beginning of the term or you want to register and your transcript is not yet evaluated, you may use an unofficial transcript from your other colleges to register your first term at Polk State College. You may have to pay your tuition and fees, as financial aid requires official transcripts before disbursing funds.

My ordered transcripts have not arrived. What do I do?

If you ordered a transcript more than two weeks ago but it doesn’t show as received in PASSPORT, contact your sending institution. If it was sent, get the date and a contact name and number from the sending institution. E-mail Transcript Services at transcripts@polk.edu with this information so we can research it for you. Include your contact information when you e-mail us.

I have a transcript hold. What does that mean?

A transcript hold prevents you from registering a second term and remains on your record until transcripts are received. When your transcript arrives, the hold is removed. Your financial aid cannot be awarded until all transcripts are received and evaluated.

Do I have to provide all transcripts? Some are really old or not accredited.

All transcripts from postsecondary institutions that offer college credit are required, regardless of age or accreditation. Intentionally omitting a school you attended on your application could be fraudulent.

How long does it take to get my transcripts evaluated?

If you submit your transcripts six weeks prior to the beginning of the term, your evaluations are completed by the first day of the term. If you submit them after that, your evaluations are completed prior to the next registration period. We evaluate transcripts on a first-come, first-served basis. Credits earned through non-traditional sources may take longer.
STEP 3: APPLY FOR FINANCIAL ASSISTANCE

PAYING FOR COLLEGE

How do I pay for college?

a. Apply for federal financial aid. All students are required to complete the FAFSA.
b. Plan ahead: apply for a Polk State Foundation scholarship February 1 through March 15 each year. More scholarship information is at polk.edu on the Foundation webpage.
c. Use Polk State’s Tuition Payment Plan through the Business office. (More...25)
d. Check with your employer or your parents’ employers for scholarship programs they may offer.
e. Visit the polk.edu Financial Services webpage for information about Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct Plus Loans. Some private loans are also available.

APPLICATION FOR FINANCIAL AID

Our guarantee to you:

If you complete the FAFSA and submit all required documents and transcripts by the deadline and your submission is complete, we promise your application for aid will be reviewed before you start class.

We can’t guarantee financial aid, but we can promise that you’ll know where you stand!

IMPORTANT DEADLINES: To ensure your financial aid is processed by the first day of class, you must have all requested documents turned in by the following dates:

- Fall ......................... July 22, 2016
- Spring ..................... December 1, 2016
- Summer ................... April 18, 2017

Important Note: Payment for classes may be due before your financial aid is applied. So, it is highly recommended you complete your FAFSA and submit all required documents well before this deadline to ensure your aid is processed in time to pay by your tuition and fees due date.

How do I complete the FAFSA?

1. Gather your information.
   a. Prior year’s W-2 forms
   b. Federal income tax returns (or estimates)
   c. Bank statements
   d. Your alien registration number (if you are an eligible non-citizen)
   e. Your federal student aid ID and password are required to electronically sign your FAFSA. You can set up your ID and password at www.fafsa.ed.gov
   f. Your parent’s information if you’re a dependent student
   g. Polk State College’s Code number – 001514

2. Go to fafsa.ed.gov to complete the application.
How long will it take to receive notifications from the Department of Education about my FAFSA?

After submitting your FAFSA, it can take up to:
- By e-mail: 3 to 5 days
- By mail: 7 to 10 days

After you receive your information, check your PASSPORT and Polk State e-mail for instructions about further information that may be needed. **It is your responsibility to check your Polk State e-mail account regularly for important updates.** For disbursement days, see the college calendar at polk.edu.

I just completed my FAFSA, but classes start in less than four weeks. What now?

Be prepared to pay for your tuition, fees, and books out-of-pocket. Consider the Tuition Payment Plan. When your application is processed, and if you are eligible and receive an award, you can adjust your Tuition Payment Plan. See Business Services Q&A for more information. Consider starting classes in the 12-week or Fastrack 2 session to give Financial Services time to process your aid application.

The FAFSA asks for my parents' information, if I am dependent. How do I know if I am independent?

You're independent if you fit one of the following categories:
- Born before January 1, 1993
- Married
- Working on a master's or doctorate program
- Serving on active duty in the U.S. Armed Forces
- Veteran of the U.S. Armed Forces
- Have children and provide more than half of their support
- Both of your parents were deceased since you turned 13
- Were in foster care since turning age 13
- Have dependents (other than children or spouse) who live with you and you provide more than half of their support
- Were a dependent or ward of the court since turning age 13
- Currently are or were an emancipated minor
- Currently are or were in legal guardianship
- Currently are homeless or at risk of being homeless

If you're NOT in one of these categories and feel you should qualify as independent, contact Student Financial Services at 863-297-1004 or financialaid@polk.edu.

The FAFSA is based on last year's income, but I have drastically different financial circumstances this year.

If you or your parents have experienced a significant difference in income, or have paid unusually large medical expenses this year, meet with a Student Financial Services advisor. You may be asked to provide detailed documentation to receive special consideration for a professional judgment about your circumstances. Contact Financial Services at 863-297-1004 or financialaid@polk.edu.

Can I get help completing the FAFSA?

Workshops are regularly scheduled on the Winter Haven, JDA-Lake Wales, and Lakeland campuses. Go to the Student Financial Services webpage at polk.edu. Workshop information is posted on boards in Student Services offices. Assistance is also available through fafsa.ed.gov and in the Student Financial Services office.

What is Satisfactory Academic Progress (SAP)?

SAP is a set of criteria that the federal government requires a student to meet in order to continue receiving aid. Criteria are GPA, completion ratio, and other similar standards. See more at polk.edu/admission-aid.
TYPES OF FINANCIAL AID

Pell Grants

What is a Pell Grant?
The Federal Pell Grant program provides need-based grants to low income undergraduate students who have not yet earned a bachelor’s or professional degree. You may use your Pell Grant at Polk State College.

How do I apply for a Pell Grant?
Complete a Free Application for Federal Student Aid (FAFSA) online at fafsa.ed.gov.

What if I'm transferring in from another college?
You’ll need to log on to fafsa.ed.gov and update your school code to reflect Polk State College’s school code: 001514. To receive Financial Aid, all required documentation must be on file with Polk State College; this includes transcripts from all colleges. Even though you may be able to take classes at Polk State College if your transcripts aren’t on file, you will not receive Financial Aid awards until transcripts are received and evaluated.

How much money will I get from the Pell Grant?
You can review your estimated annual award, based on your expected family contribution (EFC) and enrollment status, using our online Pell Grant Calculator on the Financial Services webpage at polk.edu. Your EFC is stated on your Student Aid Report (SAR) at fafsa.ed.gov. All aid is initially offered at the full-time rate.

How many credits must I take to receive the Pell Grant?
It will depend on your Estimated Family Contribution (EFC). Some students receive Pell Grants while enrolled in less than 6 credits while others must register full time. Your award letter will state your specific eligibility and requirements. Contact Student Financial Services for further information at 863-297-1004 or e-mail financialaid@polk.edu.

I received a PELL Grant. When do I get my balance?
Your refund depends on the session you are enrolled in, type of program such as clock or credit hour, and the dates of drop and add. These dates are listed in the college calendar at polk.edu. You’ll also receive regular e-mail and PASSPORT updates from Financial Services notifying you of the status of your award.

Loans

Does the College offer short term loans?
No. But we offer Federal Stafford loans.

What is a federal loan?
A loan is money borrowed that must be paid back with interest. If your grant/scholarship awards don’t cover your educational expenses, a low-interest federal loan is an option. There are two basic types of direct loans: subsidized and unsubsidized. For more information regarding the Direct Loan Program, please visit studentloans.gov.

How do I get a loan?
You must complete the Free Application for Federal Student Aid (FAFSA) found online at fafsa.ed.gov. The award letter you receive will let you know if you qualify for a loan. You must also complete a Polk State Request for Loan Award form, a master promissory note, and have an entrance counseling session. Go to studentloans.gov and complete the master promissory note, complete the required counseling, and then submit your loan request form to Student Financial Services at Polk State.
Bright Futures

How do I apply for Bright Futures?
Applications for Bright Futures are handled at the high school. Please contact your high school counselor for further information. Also, Bright Futures students will be responsible for the difference in the Bright Futures award and the cost of tuition and fees, which must be paid by the student’s due date. Your award will show on the Financial Aid Recipient History screen of your application at floridastudentfinancialaid.org.

Do Bright Futures students have to complete a FAFSA?
No. A FAFSA no longer needs to be completed every year unless you want to apply for financial aid such as the Pell grant. Polk State College must be listed as one of the schools the student plans to attend if a FAFSA is completed.

Where do I find Bright Futures award amounts for the current academic year?
See the current established award amount per credit hour on the Bright Futures website at floridastudentfinancialaid.org.

Do Bright Futures recipients have to repay the cost for courses withdrawn from at Polk State College?
Yes. Repayment for the cost of withdrawn courses is required to renew a Bright Futures award at the end of the spring term for a subsequent academic year. You won’t be able to renew your Bright Futures award until repayment or an arrangement to reimburse is made.

Do I have to be a full-time student to receive Bright Futures?
You aren’t required to enroll full time to receive Bright Futures funding. Part-time students must enroll in a minimum of 6 semester hours per term (or the equivalent). Part-time students must earn the required number of hours for which they were funded. For more information, go to the Student Financial Services webpage at www.polk.edu/admission-aid/financial-aid.

Florida Prepaid Frequently Asked Questions

How do I use my Florida Prepaid card to pay for my fees?
You can do automatic self-authorization on Passport by clicking the View FL Prepaid icon on the homepage, select the term you are authorizing, and click continue. A message stating Coverage Accepted will appear on the screen and your authorization is successful.

I have Florida Prepaid. Why do I have to pay part of my fees?
The type of fees that are covered by Florida Prepaid depend on the type of plan that was purchased and the year in which the contract was purchased.

I have Florida Prepaid. Why do I have to pay so much in fees?
The type of Florida Prepaid plan that was purchased determines the fees left over for payment. Also note that if a class is a third attempt Florida Prepaid will not pay the out-of-state portion of your fees.

Florida Prepaid paid for part of my classes last term, and I paid the difference. Why am I getting a bill?
There are many reasons a bill may be generated. If you receive a bill after making your out-of-pocket payment, please refer to the contact information located on your bill or review your Florida Prepaid status at http://www.myfloridaprepaid.com and log into MY Account.

I’m trying to register for my classes for the next term, but I can’t because I have a financial hold due to some money I owe from my fees for last term. Can you tell me why?
Florida Prepaid will always have a minimum fee that is not covered by the plan and must be paid by other means. If you carry an outstanding balance into a new term, you will not be able to register until it is satisfied.

What do I do if I have Florida Prepaid, but I cannot self-authorize or I get an error message?
Verify your account status with Florida Prepaid and that your Social Security number is correct in both FL Prepaid records and Polk State admission records.

FINANCIAL AID AND CLASS ATTENDANCE

What if I can't attend my classes or need to withdraw?

You can add classes until the first day of class or drop classes during the Drop period without consequence. Federal financial aid programs require you to “earn” your aid by attending classes. If you withdraw from classes, your aid “earned” will be adjusted. If you are reported as Never Attended by the professor, you will be dropped and your aid adjusted with a refund based on your full-time/part-time status change or schedule change. The Never Attended reporting period is within 10 calendar days from the start of the term. Talk to a Student Financial Services advisor at Polk State before making any changes in your schedule.

Don’t simply stop going to class without submitting an official withdrawal! You could be required to pay back all financial aid!

FINANCIAL AID AND PURCHASING BOOKS

Can I purchase books using financial aid money?

If your financial aid award covers books, you can charge your books by presenting your Polk State College ID card to Barnes and Noble bookstore on campus during the charge period before each term. See the college calendar for these dates.

UNUSED FINANCIAL AID REFUNDS

When will I receive my money?

Refunds are processed about 14 days after the last Drop day each term (after tuition, fees, and books are paid). See the college calendar at polk.edu for refund dates. Late awards and refunds are processed weekly.

Be Aware!

If you fail to attend during the first 10 days of class and a professor reports you, you will be dropped from your classes, and your financial aid for the dropped class will not be awarded. If your full-time/part-time status changes, your award will be adjusted as well.

DISABILITY SERVICES

What is the ODS?
The Office of Disability Services (ODS) works with students who self-identify that they have a disability and who provide appropriate documentation supporting their claim. The ODS confirms the disability and determines appropriate accommodations for the student. The ODS also assists students and instructors in obtaining and providing reasonable accommodations.

What types of disabilities do you serve?
The ODS serves students with any disability that impacts a major life function. Some examples of common disabilities that Polk State College serves include, but are not limited to, the following: learning disabilities; attention deficit disorder; attention deficit hyperactivity disorder; autism or Asperger’s syndrome; hearing impairments; visual impairments; physical disabilities; diseases such as cerebral palsy, heart disease, cancer, or diabetes; and mental illness such as depression, anxiety, schizophrenia, or bipolar disorder. To speak with a Disability Services advisor to learn more, contact 863-297-1000.

What is an accommodation?
An accommodation is something students with a disability are legally entitled to receive based on documentation. It helps them to succeed in the academic setting.

When should I self-identify with the ODS?
Students are encouraged to self-identify with the ODS as soon as they register at Polk State. Students may register with the ODS anytime during the semester; however, accommodations and services begin at the time the student is approved by the ODS.

What are examples of accommodations you provide?
Typical accommodations include, but are not limited to, priority registration, priority seating, instructor notes, note-taker services, readers, scribes, tutoring, alternate formats for printed materials, accessible classroom furniture, auxiliary aids and services, assistive-technology resources, extended testing time, distraction-reduced testing areas, and course substitution.

What documentation do I need to receive services?
In order to qualify for services, the ODS needs documentation from a qualified medical professional describing your disability, listing functional limitations, and giving recommended accommodations. Documentation should be current, within the past three years.

I am an online student. How do I register for accommodations?
Contact one of the Disability Services advisors at 863-297-1000. The advisor will then e-mail you a copy of the Disability Self-Disclosure form and tell you what documentation you will need to send in order to get approved for services. Once you have completed the Self-Disclosure form and provided the appropriate documentation, your advisor will send you a welcome letter and contact your instructors to let them know of your approved accommodations.

Is my documentation kept confidential?
Yes. Students sign a release of information so your ODS advisor can share information with your instructors regarding your accommodations. Your disability is not disclosed unless you give the ODS written permission.
DISABILITY SERVICES (Continued)

How is obtaining services different from high school to college?

At the collegiate level, students are required to self-identify to the ODS and provide documentation of their disability. Any testing that needs to be done is not provided or paid for by the College.

Will I have to attend special classes?

No. You will attend the same classes as other Polk State students.

Can my parents call to see how I am doing?

In order for the ODS to give your parents any information regarding how you are doing at Polk State, you will need to sign a release form with their name(s) that gives the ODS permission to speak with them.

Will my instructors be notified of my disability?

No. All information is kept confidential unless you give the ODS written permission to release it. The accommodation letters that your instructors receive only state your name and the accommodations you are eligible to receive.

What do I do if I need a reader or a scribe for a test?

Tests with readers or scribes are taken in the TLCC. The ODS will arrange for a reader or scribe to be present, but the request must be made at least one week prior to the test.

What do I do if I want to take a test in the TLCC?

Please give the TLCC and your instructor at least one week’s notice that you will be taking an exam there. The TLCC will arrange for your instructor to submit the test to the TLCC. The TLCC will require your license or Florida ID, and you will not be able to use your cell phone during the test.

If one of my accommodations is extended time, do I have to take my test in the TLCC?

Yes. Extended time extensions can only be used in the TLCC and in certain online class settings. If you choose to take your test in the classroom, you will not be allowed to use extended time and you will not be allowed to re-take the test using extended time.

How much extra time will I receive with extended time?

Extended time is one and a half times the normal time to take a test. If a reader or writer is needed, two times the normal time to take the test will be provided. Extended time is determined on a case by case basis depending on the documentation provided to the ODS.

What do I do if I have registered with the ODS, but my instructors say they have not received my accommodation letter?

Notify your ODS advisor immediately or the Coordinator of Disability Services.

If I decide not to use my accommodations for a test and I fail, can I re-take it with my accommodations?

No. The ODS recommends you always use your accommodations for all tests.

If I register with the ODS in the middle of the semester, will my instructors let me re-take tests I did poorly on earlier in the semester?

No. Accommodations go into effect on the date you are registered and approved by the ODS.
DISABILITY SERVICES (Continued)

Do I have to use my accommodations?
We encourage students to always use your accommodations. However, it is ultimately the student’s choice to use them.

Can a teacher decide that I cannot have my approved accommodations?
No. Contact the ODS or the Coordinator of Disability Services immediately if this occurs.

I think I have a learning disability. Is there someone on campus who can test me?
Polk State does not conduct testing for learning disabilities, nor does the school pay for outside testing. Your ODS advisor can give you information as to where you can go in the community to be tested.

Will I receive the same accommodations as I did in high school?
Not necessarily. When you meet with your ODS advisor, you will discuss the accommodations you used in the past that helped you achieve success in the classroom. You and your advisor will determine what accommodations will best suit your academic needs.

What do I do if I am having a problem with an instructor who refuses to let me use my accommodations?
Contact your ODS advisor or the Coordinator of Disability Services immediately.

ONLINE CLASSES

What is an online @Polk student?
If you are taking a program fully online, you are an online@Polk student. For more information about services and programs, visit polk.edu/online-polk.state.

What is an online class?
This type of class uses an online component instead of meeting in a traditional classroom. We use an online learning environment called PAL (Polk Access to Learning) hosted by D2L.

Important notes about online classes:
• Some classes are called hybrid. This means there are face-to-face meetings on campus in addition to the online component. Be sure you can attend.
• Some classes require testing on campus in the TLCC or approved testing center. Other classes offer remote proctoring at an additional expense. Be sure to read the syllabus before the first day of class. If the class requires on-campus testing but you can’t come on campus, drop the course before the Drop deadline and speak to an advisor about other class options.
You can usually log in to an online class and view the syllabus six days before classes start. Be sure to log in no later than the first day of class.

Do I have to take exams at the campus listed on my schedule?
Some professors provide exams at multiple-campus locations, while others provide the exams only at the campus listed on your schedule. This information is on the course syllabus and varies by instructor.

Do I have to log in at a specific time for an online course?
Be sure to log in the first day of classes and complete the required online activity (i.e. introduction, discussion, quiz, and/or dropbox assignment) to avoid being dropped for non-attendance. You may log in any time of the day or night that is convenient. Once you’ve logged in, read your syllabus carefully and thoroughly for important dates and deadlines. Not all courses are the same; class schedules will vary.

Do I have to meet an attendance requirement for an online course?
Yes, just as face-to-face classes require attendance, there are required online activities that verify your attendance. You are required to upload assignments, post discussions, or e-mail the professor by stated deadlines. The syllabus explains the requirements for each course. You must read the syllabus carefully and perform required tasks by the professor’s stated deadlines so you’re not dropped from the course for non-attendance.

Guidelines for Students in the Online Environment
Review the guidelines for students in the online environment. The guidelines will outline the expectations and responsibilities of students utilizing distance learning tools. The guidelines can be found at this website: http://www.polk.edu/distance-learning/student-guidelines/

PROGRAMS OR DEGREES AT POLK STATE COLLEGE

Associate Degree in Liberal Arts (AA)

This program degree code is 11000. This degree is the gateway to most bachelor degrees. Once you begin your classes at Polk State College, you will be required to select a school you want to transfer to and a major you want to pursue at that school. You will see the requirements of the degree in PASSPORT under the Education Plan or Degree Audit link. This will show you what classes you need to take in your AA at Polk State College. A student earns only one AA degree. The AA degree has no majors.

Associate in Science Degree (AS)

These programs are designed for students who want to be employable with advanced industry or technical skills after two years of college. Students with an AS degree can transfer to a university for a four-year degree, but will have to meet some of the general education requirements that they didn’t get as part of the AS degree.

Some AS degree programs have limited enrollment and have entrance requirements or exit tests. Many allow students, after completion, to sit for a state certification exam. Specific requirements for all of our AS degree programs can be found on our website under Academics or in the catalog under each program. Because AS degree requirements are so different, a student can have multiple AS degrees.

Bachelor

Polk State offers the Bachelor of Applied Science (BAS) and Bachelor of Science (BS) degrees. Applied science degrees have a technical component and are a good pathway for students with an AS or AA degree. The path to all Polk State bachelor degrees is the two-year degree first. In order to enroll in a bachelor degree at Polk State, you must first have earned an AA or an AS degree or equivalent, as our bachelor degrees are designed to build on these.

Students transferring to a university with the AA degree will have met the requirements for the transfer major of their choice if they followed the educational plan found in PASSPORT.

For information on certificates or advanced technology diplomas, visit polk.edu>academics.

For specific degrees and requirements of all Polk State College degrees, visit the catalog at polk.edu>admission & aid or http://catalog.polk.edu/. Additional information about programs and degrees is found on the Academics page of polk.edu.
RESIDENCY FOR TUITION PURPOSES

I attended Polk State College in the past. Do I need to provide proof of residency again?

If it has been more than a year since you attended, you will need to provide proof of residency and reapply. You can do so by completing the reapplication section of the online application or by completing a residency affidavit found on the Admission and Registrar forms page at polk.edu.

Why does my admission letter call me an out-of-state resident?

When you completed your admission application, you probably provided documentation to prove your Florida residency. That documentation must be audited and verified by the College before your residency can be established. Auditing is done daily. You will be charged the out-of-state rate until your residency has been verified. Once this is done, your charges will be reduced to the in-state residency fee and your status changed to in-state. Verification may take up to five days. The student is responsible for ensuring residency is met. Residency cannot be adjusted after the drop deadline.

You may also complete a residency affidavit on the Admission and Registrar forms page at polk.edu. Bring the completed affidavit with supporting documents to the closest campus Admission and Registrar’s office or fax the affidavit and documents to 863-297-1023. The documentation must be legible.

Residency must be completed by the Drop deadline of your first class. Residency cannot be changed after that until the next term.

I need to bring in my proof of Florida residency; do my parents need to be present?

Parents or guardians do not need to be present when submitting residency documentation in person. The parent’s signature is required on the residency affidavit.
RESIDENCY FOR TUITION PURPOSES (Continued)

Where do I learn more about residency?
See guidelines for residency at floridashine.org. Select Go to College and Pay for College. Polk State College’s residency declaration tells you exactly what you need to prove your residency.

I need more information on documents that I can use to establish residency.
Complete the residency declaration. The Admission and Registrar’s office will use this document to assist you in overcoming challenges to establishing residency.

Where is the residency declaration?
You can get a residency declaration from any of our Admission and Registrar offices. You may also download a declaration from the Admission and Registrar forms page at polk.edu.

STUDENT ID
Student IDs are available through Student Services Advising offices, TLCC, or the S.A.L.O. office on each campus and in the administration office at the JDA-Lake Wales center. See page 46 for contact information. ID’s are required for all on-campus students. Replacement ID’s are $5.00.

TRANSFER STUDENTS

Do you need ALL of my past postsecondary transcripts?
Yes, regardless of age or accreditation, we need copies of transcripts from all previously attended institutions. They are needed six weeks before classes start so that we have time to evaluate them.

I owe a past school, so they will not release my transcript. What does this mean for me at Polk State College?
Polk State College requires all transcripts. You may attend one term while records are being sent and/or evaluated. But you won’t be able to register for subsequent terms if we don’t have your complete record, and you won’t be able to request a Polk State College transcript to be sent elsewhere. For more information, contact the Registrar at registrar@polk.edu.

I am transferring, but my transcripts won’t arrive in time for me to register. What do I do?
Bring unofficial copies of your transcripts to each advising session or to any other appointment you have at Polk State College. Be aware that Federal Aid will not cover fees until official transcripts are received. See Step Two: Submit Official Transcripts for more information.

Does my transfer record count in my Polk State College GPA?
Any graded work transferred in will count in the Polk State College cumulative GPA. Polk State College Standards of Academic Progress will apply.

How many credits can I transfer to get a degree?
You must take 25% of your degree program at Polk State College. In addition, bachelor students must take 25% of upper-division courses at Polk State. You may transfer all valid credits that meet a requirement.

INCOMING TRANSIENT STUDENTS

What is a transient student?
A transient student is seeking a degree at a home institution but wants to take a course at Polk State College to transfer back. The student is not intending to get a degree at Polk State College. A transient form is required for every semester.

How do I apply as a transient to Polk State College?

My home school is a Florida state institution:
The Floridashine.org electronic transient form serves as your application for admission. You do not need to complete an online application for Polk State College. This service allows your home institution to approve your course and electronically notify approval to Polk State College’s Admission and Registrar’s office. We process electronic notifications within five days after we’re notified. Log in to PASSPORT to register for the class.

Pay for your tuition and fees up-front by the posted deadline. If you receive financial aid from your home institution, Polk State Student Financial Services will send notification, and you will be reimbursed accordingly by your home institution.

My home school is a private or out-of-state institution:
If your home institution is not participating in the electronic exchange of transient information through Florida Shine, your home institution will provide you a transient approval form or letter.
• Complete an online application to Polk State College as a transient student.
• Submit the transient letter or form provided to you by your home institution to the Admission and Registrar’s Office on any of our campuses. Faxes are accepted. (See page 46)

For students in private institutions that are not participating in the electronic exchange of transient information, a paper approval form is submitted to Student Financial Services, which will be completed and sent to your home school after the drop deadline.

It is the student’s responsibility to order a transcript after grades are posted. Transcript requests are $5.00, ordered through PASSPORT.
