

MOSAIC FLORIDA PHOSPHATE CONTRACTOR SITE SPECIFIC TRAINING

Effective February 2014: Contractors working in Mosaic Phosphates Chemical facilities will be required to renew Site-Specific Training by completing a Computer Based Training Module (CBT). This applies to all contractors performing work activities in the chemical facilities. Initial Site Specific training will also be completed via CBT. **Current cards (with decals) will be considered valid to the end of the month that appears on the decal. (Example: February decal will be good through February 28)**

- This does **not** apply to individuals who are considered as visitors.
- This does **not** apply to contractors performing work in Mosaic mining operations. MSHA Hazard Training will continue to be required for those sites.
- The classroom "Train-the-Trainer" method will no longer be utilized to provide contractor employees with site specific training to work in the chemical facilities.
- Site Specific Training will be valid for 12 months from the month the training was taken.
- Decals/Stickers will no longer be utilized to identify expiration months. Site Specific (SS) training status / expiration date will be imprinted on the contractor employees Florida Phosphate Producers (FPP) card. Existing cards will be replaced with new card with both the expiration date for the SS training and FPP expiration date.

Polk State College (PSC) will administer and proctor this training at the CBT Lab located on HWY 60 in Bartow, FL at the ACT location:

American Compliance Technologies
1875 W. Main St
Bartow, FL 33830

Lab hours:
Monday thru Friday, 7am – 3pm

2nd & 4th Saturday of every month, 8am – 12am (noon)

Cost: \$19 per participant

Registration:
