

COMMUNITY LEADERSHIP INTERNSHIP

Winter Haven civil and community service leadership opportunities.

- Earn course credit
- Gain marketable experience
- Network in the community
- Make a difference!
- Be part of an innovative and exciting community through service, professional growth, and civic leadership.

Public Service and Community Leadership Series:

Students can pursue one or two terms in internships focused on community service through social service agencies and in leadership through community government and economic development organizations.

Learn how non-profit organizations work and be a part of community service at both the grass roots and leadership levels.

Make a difference while also learning about business and community connections and how decisions are made at the local government level.

Students will be involved with organizations such as Heart for Winter Haven, the WH Educational Development Council, the WH Chamber of Commerce, and more.
