

POLK STATE KIDS AT COLLEGE

Welcome to Polk State Kids at College 2013!

Our summer program at Polk State College has been providing fun, educational activities for Polk County children for over nineteen years. In 2012, we had over 630 children attend the program, and we look forward to another great year in 2013!

REGISTER ONLINE! POLK.EDU/KAC

SESSION I: June 17 – June 27 (Monday – Thursday)

SESSION II: July 8 – July 18 (Monday – Thursday)

Bok Academy campus: 8:15 a.m. – 12:30 p.m.

Lakeland campus: 8:15 a.m. – 12:30 p.m.

Winter Haven campus: 1:15 p.m. – 5:30 p.m.

Planning a Schedule

Individual classes are 1 hour and 15 minutes in length and are scheduled between 8:15 a.m. and 12:30 p.m. (Lakeland campus and Bok Academy), or 1:15 p.m. and 5:30 p.m. (Winter Haven campus). Class descriptions in this brochure are listed alphabetically. Classes are listed by campus, session, time, and age group on the schedule. Children may take up to six classes during each session (three classes per campus). If your child wants to take classes with a group of friends, please coordinate with the friends' parents to ensure that you register for the same classes at the same times. Many classes are offered at multiple times.

Cost

Class fees vary from \$50 - \$70 per class. Please see the class description for the exact cost of your class choice.

Availability of Classes

Please keep in mind that the longer you wait to register, the greater the chance that your child will not get his or her first choice of classes. Some classes fill up quickly. **Remember, if the class sounds like fun to your child, then the class also sounds fun to others!**

Our Staff

Most Polk State Kids at College instructors are teachers from local public and private schools and have designed their classes to promote creativity, decision-making skills, and self-esteem in participants. In addition, we have parent volunteers who supervise the 5- to 6-year-old students and 7- to 8-year-old students between classes, at snack time, and during arrival and dismissal. All instructors and parent volunteers (in addition to all employees of Polk State College) are fingerprinted for safety reasons.

Orientation Meeting for Parents

All new students and at least one parent must attend an orientation meeting for Kids at College. This meeting is not required for returning students and their parents. This is an opportunity for parents and children to locate classrooms and become familiar with the Polk State College campus. Families should attend the orientation meeting on the campus where children will attend classes. Anyone unable to attend the meeting should plan to arrive at least one-half hour early on the first day of classes. For those students attending the **Bok Academy campus**, the parent meeting will be **Tuesday, June 25, 2013 at 7 p.m. at Bok Academy**. For participants on the **Lakeland campus**, the parent meeting is scheduled for **Tuesday, June 11, 2013 at 7 p.m. in the Lakeland Technology Building auditorium (LTB)**. The **Winter Haven campus** parent meeting will be held on **Wednesday, June 12, 2013 at 7 p.m. in the Winter Haven Student Center (WST126)**. At these meetings, parents and children are briefed on the rules and procedures of the program, and students have the opportunity to find their classroom locations.

TIPS FOR A SUCCESSFUL SUMMER

- ★ Carefully read this **ENTIRE** brochure before registering.
- ★ Help your child decide what classes he or she would like to take, and make sure the classes are in the correct age group.
- ★ Determine **NOW** whether or not your child will be attending both sessions. Classes may not be available later.
- ★ If your child wants to take the same classes as a friend or group of friends, please coordinate with the other parents to ensure they choose the same classes at the same times. Many classes are offered at multiple times.
- ★ Register and pay all fees as soon as possible at polk.edu/kac.
- ★ Attend the orientation meeting with your child.
- ★ **Come to Polk State Kids at College!**

AGE GROUPS

Classes for 5- to 6-Year-Olds

These are classes specifically designed for children who will be 5 or 6 years old by September 1, 2013. A parent volunteer escorts children to all classes and is available to assist with the needs of this special age group. Classes are limited to 15 students per class. **For safety and security 5- to 6-year-olds must take one class in each time slot.** This reduces disruptions during the program, and provides an extra level of safety for your child. We will provide a snack for these students after the second class.

Classes for 7- to 8-Year-Olds

These classes are for children who will be 7 or 8 years old by September 1, 2013. Students in the 7- to 8-year-old age group are escorted to all classes and are not free to roam the campus. Students in this age group are limited to this selection of classes in order to provide supervision between classes. A snack time is provided after the second class, and students may bring snacks or make purchases from the snack machines. Your child is responsible for keeping track of snacks and/or snack money.

Classes for 9- to 14-Year-Olds

Our oldest students may choose from a wide variety of engaging classes. These students must be 9 years old by September 1, 2013. Please be aware that children in this age group are not escorted to classes. Classes are centrally located, and many participants only change classes within a hallway or to different floors of the same building. Many instructors who offer the same classes for both older and younger students move at a more challenging pace for older students. A snack time is provided after the second class, and students may bring snacks or make purchases from the snack machines. Your child is responsible for keeping track of snacks and/or snack money.

Registration

Registration for Polk State Kids at College Session I **MUST** be completed by **June 13**. Registration for Session II **MUST** be completed by **July 1**. Registration is not complete until all classes are paid in full.

Payment may be made with MasterCard, Visa, American Express, Discover, cash, or a check. Checks should be made payable to Polk State College. Include your child's name on the check. Payments can be made online, mailed, or brought to the cashier's window on the Lakeland or Winter Haven campus. Payments can be mailed to:

Polk State Kids at College
Brenda Bracewell, Station 22
999 Avenue H NE
Winter Haven, FL 33881-4299

Cancellation Policy

Polk State College reserves the right to cancel, without prior notice, any offering that does not meet student enrollment requirements. In such cases, your child may choose an alternate class or fees may be fully refunded.

Refund Policy

If, after registering, your child is unable to attend Polk State Kids at College, an e-mail request for a refund must be submitted to bbracewell@polk.edu. Refund requests received 14 or more days prior to the first day of classes will receive an 80% refund. Refund requests received seven (7) or more days prior to the first day of classes will receive a 50% refund. No refunds will be issued for requests received less than seven (7) days prior to the first day of classes.

Reserve a Polk State Kids at College T-Shirt While Supplies Last!

T-shirts are \$10 each. You will have an opportunity to order a T-shirt during the online registration process. T-shirts will be distributed at the orientation meetings. If you are unable to attend the orientation meeting, the purchased T-shirt will be given to the child during his or her last class on the first day at Kids at College.

CLASS DESCRIPTIONS

Abstract Art KAC7001

This class allows you to have fun as you create unique and exciting projects! In *Abstract Art*, we use all kinds of materials in interesting ways. Sometimes we get a little messy, but that makes the projects more fun! Cindy Landen, art teacher at Babson Park Elementary and finalist for Teacher of the Year in 2006, guides you through the world of *Abstract Art*.

Course Fee \$50.00

Animal Adventure KAC5901

It's time for some monkeying around! In this adventurous class, we "travel" around the world exploring animals. From Africa to Australia, we explore tiger face painting, koala crafts, bat snacks, and other activities that are loads of fun. This class is action-packed, so if you're ready to explore, come along for a good time! Grab your passport and join your instructors — Katie Stripling of Alta Vista Elementary, and Stephanie DeVane of Bartow Elementary Academy, on an amazing animal adventure.

Course Fee \$50.00

Archery KAC7906

Come learn the fundamentals of target archery, including equipment handling and skills, intense focus, muscular endurance, and safety! This course teaches the basics for further study in this super-cool sport, where self-discipline, accuracy, and mind power have reigned supreme for centuries. Your instructor is Nancy Leatherland, physical education instructor and certified National Archery in the Schools Program (NASP) Archery Coach at Hillcrest School of the Arts.

Course Fee \$50.00

Art Splash, Mish Mash KAC7002

Join the fun of creating artistic, useful crafts like a decorative chalkboard, colorful pencil holder, and painted memory box. We also explore splatter art and make a colorful mobile. Dana Robertson, an art teacher at Snively Elementary and Polk State College adjunct faculty member, is your instructor.

Course Fee \$50.00

Awesome Accessories KAC7403

Hair bows, tutus, bracelets and more! In this class, students learn how to make adorable accessories with some basic sewing, braiding, tying, and gluing techniques. Students make and take home many hand-crafted items. Your instructor is Kimberly Vandervort, who is a teacher by day and avid crafter by night!

Course Fee \$60.00

Babysitting KAC6401

This class allows you to gain the skills and confidence to be a great babysitter! With this class, you can be prepared with the training every parent wants. Training includes basic baby and childcare (diapering and feeding), safety and safe play, first aid, critical emergency skills, and professionalism. This class is being taught by Elisha Steinmetz, a sixth-grade teacher at Davenport School of the Arts.

Course Fee \$65.00

Balloon Twisting KAC7401

In this class, students learn to make animals, hats, and other fun things out of balloons. This class starts with the basics and continues as far as time allows. Your instructor is Luis Campaneria, a full-time professional magician and balloon artist with over 20 years of experience.

Course Fee \$60.00

BFF: Beauty, Fashion, and Fitness KAC6101

Come on girls, are you ready for some summer fun? This course teaches new style ideas and skin care tips while emphasizing the importance of loving yourself JUST the way you are. This class discusses fashion dos and don'ts and the latest summer trends! You won't want to miss our Fashion Show, because you are the STAR! And who knew that working out could be so much fun with a Diva Dance Cardio Routine? Grab your best gal pal and water bottle and get ready to have the best time ever! This class is being taught by Elisha Steinmetz, a sixth-grade teacher at Davenport School of the Arts.

Course Fee \$65.00

CLASS DESCRIPTIONS

Board Game Blitz KAC7908

Playing board games such as Monopoly, Risk, Life, Stratego, and others can help us understand history, the present, and our future. These are just a few of the great games kids learn to play in this interactive class. Each week we learn how to play new games and then return to enjoy some old favorites. We review the rules together and then divide up to play. We also look at ways each game can help us learn exciting skills that can help in the classroom and in life. So, whether you are a board game expert or you've never played one before, this class is the best place to be this summer! Your instructor is Chris Euverard, "Coach E," a social studies teacher at Lake Region High School.

Course Fee \$50.00

Cartooning 101 KAC7005

Get ready to have some fun! Cartooning 101 is designed to bring out the little artist in anyone! Students learn the fundamentals of drawing, get to create their own cartoon characters, and more. Come join Pablo Montanez, aka "The Walk-A-Thon Man," as we learn together!

Course Fee \$50.00

Cheerleading KAC7905

S-P-I-R-I-T, Spirit! Let's Hear It! Are you interested in becoming a cheerleader? Do you enjoy cheering along with your favorite team, but want to learn more than just the words? Can you picture yourself performing in front of a crowd? If so, this class is for you! This class emphasizes basic skills and builds techniques for motions, jumps, cheers, and chants. Students learn football and basketball sideline chants, performance cheers, and dances. There is a focus on jump strengthening and motion combinations as well (tumbling and stunting are not taught). Let's Get Fired Up—We Are Fired Up! Ashley Hall-Rodriguez, a Chain of Lakes Elementary fourth grade teacher, will be your instructor.

Note: Shorts, T-shirts, and tennis shoes are preferred. Hair should be pulled up and away from the face. No jewelry or sandals, please.

Course Fee \$50.00

Chefs in Training KAC6402

Do you love to help in the kitchen? Do you enjoy being creative with your food? If so, this class is just for you! *Chefs in Training* is a class designed to show you how much fun eating healthy can be. Students learn about what's good for the body while making fun, tasty food. Kids have the chance to make their own pizza, funky fruit salad, trail mix with a twist, and more! Join Katie Stripling, of Alta Vista Elementary, and Stephanie DeVane, of Bartow Elementary Academy, on a healthy snack adventure!

Course Fee \$50.00

Clay 1 KAC7301

This workshop teaches the basics of ceramics including coil, pinch, and slab techniques to create fun sculptural designs. In addition, students use surface decoration with a broad variety of materials to complete their work. This course is taught by Lauren Gessner, sculpture and ceramics teacher at McLaughlin Middle School and Fine Arts Academy.

Course Fee \$55.00

Clay 2 KAC7302

In this workshop, we go beyond the basics of clay artistry with added hand-building techniques, sculptural work, and even wheel-thrown pottery. Students complete their work with various types of surface decoration and glaze techniques. This course is taught by Lauren Gessner, sculpture and ceramics teacher at McLaughlin Middle School and Fine Arts Academy.

Course Fee \$55.00

REGISTER ONLINE!
polk.edu/kac

Comic Strip Craze KAC7004

Comic Strip Craze is back again! If you're ready to draw and let your comedic juices flow, this is the class for you! From caricatures to comic strips, this class has it all. *Comic Strip Craze* offers a unique outlet for kids to create their very own comic strip stories and characters. Kids learn basic art skills, draw human figures and, of course, cartoon characters. Your instructor, Joe Walden, a math teacher at Denison Middle, has been drawing all of his life and is excited about sharing his artistic talents, comedic skills, and a few "art tricks" with you!

Course Fee \$50.00

Creature Features KAC0004

Would you like to learn more about the Big Bad Wolf, climb Jack's beanstalk, visit Bigfoot and his cousin the Yeti, and meet Dracula and his best friends—Frankenstein and the Mummy? If so, join Suzanne Lewicki, a media specialist at Chain of Lakes Elementary, to discover some special features about these creatures.

Course Fee \$50.00

Dance Floor Party KAC7909

Learn the steps to popular dance party favorites including "The Electric Slide," "Cotton-Eyed Joe," and today's "Wobble" and "Cupid Shuffle" in this exciting dance extravaganza! This is an energetic and upbeat dance class that provides great exercise and lots of fun! Your instructor is Kelly Aycock, a teacher at Saint Cloud High School and experienced Zumba instructor.

Course Fee \$50.00

Disney Art KAC7003

Have you ever wanted to draw Dumbo, Pinocchio, or even Aladdin's friend Abu? Come explore cartooning the Disney way. Learn to create favorite Disney characters through various art media. Recreate the magic of Disney through paint, watercolors, pastels, sculptures, and a whole lot more. Jason Brewner, a 2009 Polk County Science Teacher of the Year finalist, is your instructor.

Course Fee \$50.00

Duct Tape Design KAC7402

Create exciting, colorful artwork using duct tape! In this class, students learn to make practical and artistic items such as duct tape pen roses, wallets, bags, belts, necklaces, and more! Your instructor is Cynthia Aycock, a teacher at Frostproof High School.

Course Fee \$55.00

Explore the Sea KAC5501

Looking for a deep sea adventure? In this course you get to read books, create crafts, and explore another world. Students also get the chance to author their own books, combining their learning and sense of creativity. Grab your scuba gear and get ready for some fun on the high seas with Kristi Wilson, a fourth-grade teacher at Chain of Lakes Elementary.

Course Fee \$50.00

Food Art for Kids KAC6403

Do you like to eat food? Do you like to be creative while having fun? Then Food Art for Kids is the class for you! Amaze yourself with the great projects you get to create — and eat — using a variety of everyday food items. Don't miss this fun-filled experience! Your instructor is Pablo Montanez, aka "The Walk-A-Thon Man."

Course Fee \$50.00

Fun on the Farm KAC9102

Old MacDonald had a farm, E-I-E-I-O! Come join us down on the farm to learn about the different animals, crops, and all the people who are a part of farm activities. Enjoy crafts, food, and games with Jennifer Thomas, a teacher at Pinewood Elementary, while you are on this amazing adventure!

Course Fee \$50.00

Guitar (Beginning) KAC7801

This class is designed for those students with limited guitar experience who are excited to learn more. Students learn to strum and pick chords and songs in a variety of styles, and even have an opportunity to write and perform their own compositions! Students can bring their own guitars (electric or acoustic) or use one of the guitars provided

in class. Your instructor, Lawrence Brown, has added new songs for the 2013 summer session!

Course Fee \$50.00

Happening Habitats KAC5701

You know that a dog barks, a pig squeals, and a duck quacks...but have you ever wondered where animals live and why they live there? Come explore the different habitats of animals around the world with fun crafts, amazing activities, and tasty treats! Jennifer Thomas, of Pinewood Elementary, is your habitat hostess for this dynamic course.

Course Fee \$50.00

LEGO Robotics 1 KAC6204

Do you enjoy building and designing with LEGOs? What if your design could move and perform tasks? If this sounds cool, then come learn to program basic robotic movements in *LEGO Robotics 1*. Students learn to control speed and power using a motor with specialized sensors, and also have the opportunity to be creative with building techniques. Join Ms. Kate, a fifth-grade teacher from Alta Vista Elementary, on a Robotics Mindstorm team adventure this summer.

Course Fee \$60.00

LEGO Robotics 2 KAC6205

Have you had building experience using LEGO structures and programming experience using Robotics Mindstorm? If so, join Ms. Kate, a fifth-grade teacher from Alta Vista Elementary, to learn some advanced programming and building techniques. Each day students tackle a new challenge, program, or design, and then work and share ideas with fellow team members. Come advance your skills and share what you know!

Course Fee \$60.00

LEGO WeDo Robotics KAC6206

This course is designed for younger students who are interested in building and programing using the LEGO WeDo curriculum. This course allows students to think creatively to make a working model, and then create a program to produce a specific behavior using LEGO WeDo materials. Join Ms. Kate, a fifth-grade teacher from Alta Vista Elementary, on a *LEGO WeDo Robotics* adventure this summer.

Course Fee \$60.00

Life's a Stage! KAC7910

Are you the ham of the family? Do you love to do voices, dress up, and pretend to be characters in your favorite stories? Do you have a powerful imagination and tons of creativity? If so, become a star in this readers' theatre that teaches kids the basics of acting on stage while creating fun and zany characters in their own play. Your producer is Rob Fritz, director of theatre at Winter Haven High School.

Course Fee \$50.00

Magic 1 KAC7901

If you enjoy magic, don't miss this class! You can practice magic tricks with cards, coins, and other items that are provided. Students even learn how to make items vanish in their hands and appear in someone else's hand! Your instructor is Luis Campaneria, a full-time professional magician and balloon artist with over 20 years of experience.

Course Fee \$55.00

Magic 2 KAC7902

This class is for those who want to learn even more magic. Students get to practice and learn popular magic routines like "cups and balls," as well as various card effects and other tricks that students can perform for friends and family. This class teaches more advanced tricks, so having taken *Magic 1* helps, but is not necessary. Your instructor is Luis Campaneria, a full-time professional magician and balloon artist with over 20 years of experience.

Course Fee \$55.00

facebook

Become a Fan!
Polk State College Kids at College

Magic 3 KAC7903

In this eagerly anticipated class, students learn completely different tricks than those taught in other magic classes. Kids learn how to properly shuffle, cut, spread, fan, and manipulate a deck of cards, as well as learn the techniques to locate and reveal a selected card. Students also learn many other skills too secretive to announce here! This class teaches more advanced tricks, so having taken *Magic 1* or *Magic 2* helps, but is not necessary. Your instructor is Luis Campaneria, a full-time professional magician and balloon artist with over 20 years of experience.

Course Fee \$55.00

Make 'Em Laugh – Creating Comedy Through Improvisation KAC7909

Do you have an active imagination? Do you like to laugh and make others laugh too? In this class, Rob Fritz, Director of OUT OF THE BOX Improv, teaches you to use your imagination to create funny scenes and situations through the use of improvisation.

Course Fee \$50.00

Math Goodies and Games KAC5101

Do you like games, food, and fun? Then this class is for you! Through the use of food and games, various math concepts are introduced and reinforced. Students learn to look at math in a whole new way through Math Goodies and Games. Come join us this summer for a yummy, fun-filled time! Your instructors are Heidi Reed and Susan Stewart, elementary school teachers at Lakeland Montessori.

Course Fee \$50.00

Ooey Goopy Science KAC5003

Are you interested in slimy science experiments? Do you like to experiment with different materials to see what you can create? In *Ooey Goopy Science*, we create hands-on experiments, learn the basics of completing science projects, and much more. Monster slime, Oobleck, and a “slug” are just some of the items we create during this interactive class. Ashley Hall-Rodriguez, a Chain of Lakes Elementary fourth-grade teacher, will be your instructor.

Course Fee \$55.00

Origami KAC7303

Origami is the ancient art of paper folding. This class teaches students to fold paper into animals, boxes, and hats! Instructions are simple and designs are fun to make and take! Your instructor is Cynthia Aycock, a teacher at Frostproof High School.

Course Fee \$50.00

Photoshop 1 KAC0001

Have you ever wanted to learn how to “put” yourself in places you have never been by using photography? Change your eye color? Put your face on an animal’s body? Or make it rain on a clear day? Here is your chance to learn basic Photoshop editing skills and tricks that enable you to transform your pictures into flights of imagination. The class is taught by Erin Euverard, a digital design teacher at Auburndale High School, who is industry certified as an Adobe Photoshop Educator.

Course Fee \$50.00

Photoshop 2 KAC0002

Photoshop is one of the most widely used imaging software programs. This intermediate-level class explores Adobe Photoshop software with an introduction to all major functions and tools. Students learn to manipulate contrast, lighting levels, color balance, filters, curves, and layers for creative effect. In addition to learning Photoshop, students use exploratory photography assignments to improve student photography skills.

Note: This course requires that students have taken *Photoshop 1* or have prior knowledge and skills in the use of Photoshop software.

Course Fee \$50.00

Pirate and Mermaid Adventures KAC9101

Ahoy, mates! Join us for a jolly time as we live like pirates on the high seas! This class is for lads and lasses who have dreamed of sailing in search of excitement and adventure! Join the fun and create shining cutlasses, money bags filled with coins, ancient treasure maps, and more! As we learn about pirate life, we also play swashbuckling games and design pirate ships. The voyage ends with a Skull-and-Crossbones party, where we feast like buccaneers! Heidi Reed and Susan Stewart, who teach first through third grade at Lakeland Montessori, are the captains of this perilous enterprise. Do you have what it takes to be a pirate? Come find out!

CLASS DESCRIPTIONS

Rocketry 1 (Beginning) KAC6201

First-time rocketeers can come and explore the basic techniques of model rocketry. With the one-stage rocket kit provided, you create the model, design the exterior, and then fly your rocket hundreds of feet into the sky. Your instructor is Carlos Rodriguez, a science teacher at Snively Elementary.

Course Fee \$60.00

Rocketry 2 (Advanced) KAC6202

Have you taken *Rocketry 1* and are now looking for a more spectacular launch experience? This class is for you! Learn more advanced techniques of model rocketry using a multi-stage, skill-level 2 rocket. After your rocket is complete and the final paint job is dry, you prepare for launch day. Your instructor is Carlos Rodriguez, a science teacher at Snively Elementary.

Course Fee \$70.00

Rocketry 3 (Big Daddy) KAC6203

With altitudes of up to 900 feet, this mighty rocket is the perfect way to expand your rocket building experience! You've made the ALPHA, you've mastered the intricacies of a two-stage rocket, and now you want to add a totally funky, challenging design to your rocket collection. Try the BIG DADDY! Your instructor is Carlos Rodriguez, a science teacher at Snively Elementary.

Course Fee \$70.00

Science Magic KAC5001

Dazzle your friends and family with dozens of science tricks, from explosions and painting with milk, to silly putty and edible magic. In this class we experiment and create while learning the science behind the magic. Guiding you through this adventure is your energetic leader, Michelle Frabotta, 2011 Teacher of the Year and Language Arts teacher at Discovery Academy Middle School.

Course Fee \$50.00

Sign Language KAC4101

Silent freeze tag? A finger-spelling crossword? Sign language baseball? These are just a few of the games we play while practicing basic sign language. This beginner's course in American Sign Language exposes kids to hundreds of signs through activities and fun games. Kimberly Vandervort is a teacher for students who are deaf and hard-of-hearing in Polk County, and a CODA (Child of Deaf Adults).

Course Fee \$50.00

Simply Simple Machines KAC6207

Ever look at your bicycle and wonder how all the parts work? It works using simple machines, just as so many of the tools around us! In this course, students learn about different types of simple machines and actually build a few. Kids experiment with how machines work and discover the purpose of each, all the while creating their own tool belt to record learning and fun. Join the engineering team of Kristi Wilson, a fourth-grade teacher at Chain of Lakes Elementary, and release the inquisitive engineer in you.

Course Fee \$50.00

Spanish (Basic) KAC4102

OLE! In this course, students learn basic Spanish, with an emphasis in communication and conversation, using age-appropriate strategies. This is a very interactive class, using videos, music, and lots of visual aid materials with PowerPoint presentations. To add flair and fun, some art projects are included, such as building a piñata to reinforce the words for colors, and other exciting ideas. Sandy Altamirano, a kindergarten ESOL teacher at Polk Avenue Elementary, is your instructor.

Course Fee \$50.00

Super Sticky Science KAC5002

Are you a curious kid? Do you like getting sticky? Do you ever wonder what happens when you mix "stuff" together? If you answered "YES" to these questions, Super Sticky Science is the course for you! Come join Lab Leader Mrs. C, on a journey to explore changing states of matter, chemical reactions, and other creatively sticky, hands-on science activities.

Course Fee \$50.00

Superhero Wannabes KAC0003

Have you always wanted to be a superhero? Are you ready to help those in need? If so, join Suzanne Lewicki, a media specialist at Chain of Lakes Elementary, and create your own superhero identity! In this class students meet undiscovered champions, create and make their own costumes, and join the ranks of the superhero world.

Course Fee \$50.00

Ventriloquism Basics KAC7904

In this class, you learn ventriloquism skills and make a simple hand puppet to take home and use for practice. You even learn how to tell jokes with your new friend so you can entertain friends and family. Your instructor is Luis Campaneria, a full-time professional magician and balloon artist.

Course Fee \$50.00

Video Game Creation KAC7907

Video games: everyone plays them, but how many actually know how to make them? This class shows you the concepts of video game creation, and YES, you even build games that can be played online and shared with your friends. This course uses the content available at GamestarMechanic.com to teach students to build video games.

Course Fee \$55.00

Viral Video KAC7701

Have you spent hours marveling at music videos, YouTube videos, and television shows? Do you ever wonder how it is all put together and published? It is not as hard as you think it is — all you need is a camera, a creative mind, and the desire to have some fun! Viral Video gives you the opportunity to create, edit, and share your video. Who knows? Maybe the product you make will be the next viral video!

or e-mail mfurjanic@polk.edu.

Polk State Enrichment Academy

The Polk State Enrichment Academy offers positive, engaging classes during the school year that are meant to get participants excited about learning and promote critical-thinking skills. Current programming includes courses in LEGO Robotics and Engineering for students (ages 6–14) on the Winter Haven campus. These offerings are likely to be expanded in the future. For more information, or to have your child's name added to the mailing list, please contact Brenda Bracewell at bbracewell@polk.edu.

TALON Robotics

TALON Robotics at Polk State College engages students in active science, technology, engineering, and math (STEM) learning. This exciting program serves 120 middle school and 72 high school students with hands-on, advanced activities including fieldtrips, competitions, designing, testing, and programming.

EAGLEBOTS

This program is for middle school students (those students entering seventh and eighth grade), and is offered June 12-28, 2013 on both the Lakeland and Winter Haven campuses.

TECHNOBOTS

This program is for students entering or attending high school, and is offered June 17-28, 2013 on the Lakeland and Winter Haven campuses.

polk.edu/TALON

Registration opens April 1, 2013.

Program Cost- \$395
