

Business Operational Management, AS

The Associate of Science in Business Operational Management is a program created from a partnership between Polk State and Polk County School Board's technical colleges: Ridge Technical College and Travis Technical College.

This degree program allows students who have completed specific technical programs of **900 HOURS OR MORE** to pursue college-level coursework that is appropriate for supervisory and management roles, as well as upward mobility in their chosen fields. Eligible students will be awarded **15 CREDITS** toward the technical skills portion of this degree. This program provides the status of an associate degree in management and demonstrated technical knowledge in specific industry areas. However, if a student decides to pursue a bachelor's degree, the 15 articulated technical credits are non-transferable.

The following technical programs are eligible:

- Air Conditioning, Refrigeration & Heating (I & II)
- Applied Welding Technologies
- Automation & Production Technology
- Automotive Collision Repair and Refurbishing (I & II)
- Automotive Service Technology (I & II)
- Avionics (I & II)
- Commercial Foods & Culinary Arts
- Cosmetology
- Drafting
- Electricity
- Medium/Heavy Duty Truck/Bus Technician (I & II)

= **FREE** College Credits
