**Questions & Answers**

**Q1.** I read in the Request for Qualifications RFQ #15-03 for Architect & Engineering Services WLR - 3rd floor Remodel/Renovation documents that we needed to be a vendor with Polk State College to be able to receive addenda information, etc. I registered yesterday, but I wasn't sure if that would be processed in time to be able to receive addenda information for the RFP. Could you please clarify if I will receive addenda information and if not what would be the best avenue to take to receive such addenda information?

**A1.** All addendum will be posted to the public website where you can view, download, sign, and return with your response as instructed within the RFQ documents.

**Q2.** On the Minimum Qualifications form (page 31), 2.d. the question is: How many similar educational projects have you successfully completed? *(include at least two [2] in the reference form – page 54, and complete pages 48-49 for each Client)*

My questions is where is page 54 and pages 48-49 that it is referencing? The document that I have only goes to 45.

**A2.** The sentence should end with a period after "form". Page 54 or 48-49 doesn't exist for this RFQ. Likewise, please be guided by the explanation on page 15 (2) and the note on page 31 that reads: "Please provide sufficient information (attachments) to clearly show that you meet or exceed the Minimum Qualifications."
