

# Connecting to Polk State Secure Wireless - Guest

1. On your computer, click the wireless icon in the system tray. Click "POLKSTATE-GUESTS" then click "Connect"

2. Once connected, open your web browser (preferably Chrome or Firefox) and a Terms screen will automatically appear. Click "Accept."

3. You will be prompted for your name, email and cellphone number. Please include a "1" and the area code when entering your cell phone number. Click "Register" when done.

## Secure Internet Portal

### Registration

Register to access the network.

**first name**

**last name**

**email address**

**1+phone number** (NOTE: Phone # must start with "1")

Register

It might take a moment for registration to complete (\* required).

4. If successful, you will receive a "Registration Successful" screen. If it failed, scroll to the bottom of the screen and click Login to try again.

### Registration Successful

**Thank you for registering.**

**Your private pre-shared key will be generated and emailed/texted to the locations you provided.**

**Once you receive the key, please be sure and use it to connect to the POLKSTATE-SECURE Wireless Network.**

5. You should receive a text message to your cell phone with your password.

Today 11:11 AM

Wi-Fi Network:  
"POLKSTATE-  
SECURE", Access  
Key: [REDACTED],  
Expiration: Valid to  
2017-05-01 15:11:52  
(UTC).

6. Click the wireless icon in the system tray and then click “POLKSTATE-SECURE”, then click “Connect”

7. When prompted, enter the password that was displayed in the text message in Step 5 and click “Ok”
