

Experience the  
*Joy of  
Lifelong Learning...*

AT POLK STATE COLLEGE'S

LECTURE SERIES

You'll enjoy being intellectually enriched and entertained by the stimulating lectures and discussions offered at the annual lecture series. Sessions are held in Room 126 of the Student Center on the Winter Haven campus. The programs are conducted by Polk State College staff and Polk County citizens who are excited to share their knowledge with a community of learners.

*"School never ends," Anna Quindlen said.  
"The classroom is everywhere. The exam comes at the very end. I learned to love the journey, not the destination. I learned that this is not a dress rehearsal, and today is the only guarantee you get."*

Your tuition is funded by the generous donation to the Polk State College Foundation, Inc. by former Humanities Professor Helene Schulz. If you would like to assist with future funding for this and similar programs or scholarships, contact Tracy Porter, Polk State College Foundation Executive Director at 863.297.1071 or [tporter@polk.edu](mailto:tporter@polk.edu).
